

MBM Token

MBM Token Economics

Access Token

MBM token is a membership access to the platform. Every payment is processed with the use of MBM token

Gas covering Token

Amount of MBM's needed to make a transaction equals the price needed for the gas. Once you have MBM, you no longer pay for gas

Tokens are automatically purchased from the market.

There is no need to purchase MBM on your own as Mobilum Wallet will do so for you, automatically. The Mobilum Smart Contract is set to purchase tokens for at least \$0.2 USD per 1 MBM.

Pay per service

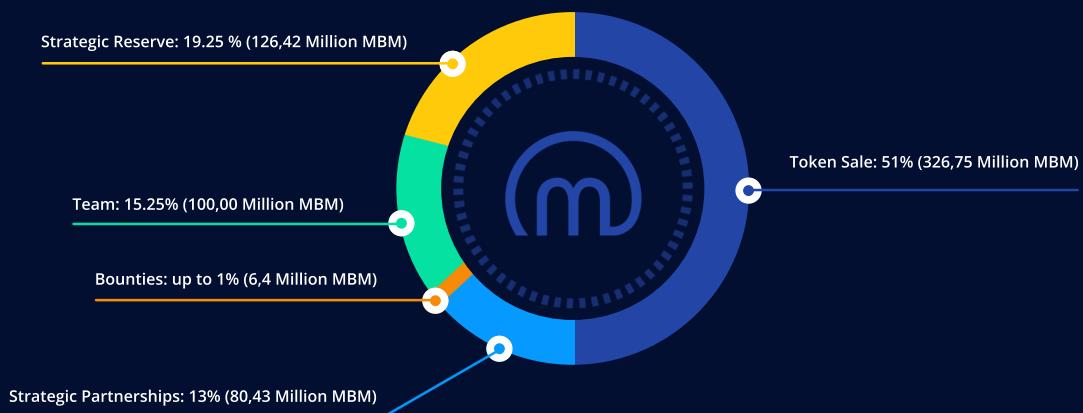

MBM is a fully liquid asset that allows you to spend your cryptos anywhere on anything you want.

API Token

API users need to hold 0.5% of each transaction in MBM token

Total Token Supply: 640 Million MBM

Mobilum Tokens (MBM) ITO Supply distribution details
